THE HIDDEN COST OF REPAIRS

A modern car is an extremely reliable machine. But it is also an extremely complex one, with thousands of sophisticated moving parts. This means that, should anything go wrong, the cost of repairs could come as an unpleasant surprise.

In fact, when labour charges are added, even the simplest problem could land you with a considerable bill.

Terms and Conditions apply. For full details of cover please refer to the warranty document.

AUTOTRUST WARRANTY

The older a vehicle becomes or the more miles it drives, the higher the risk of mechanical or electrical failure. Repairs can be costly.

We pay out an average of £845* per warranty claim and there is no limit to the number of claims you can make over the warranty period.
